

THUNDER

INNOVATIVE DIRECT TEXTILE PRINTER

8 Konica Minolta 512i / 1024i Head, textile printer printing quality with performance & profitability

Features

- * Konica Minolta 1024i / 512i Industrial print heads
- * Head height compatible to all type of fabrics
- * Auto adjust tension and take up system
- * Hot air blower with certified Infrared heating system

- * Highly Competitive Speed
- * Variable Ink Drop System
- * HMI Controlling
- * Bulk Ink System

Technical Parameters

Model	THUNDER KM 1024i / 512i		
Printing Technology	Konica Minolta 1024i / 512i Industrial print head		
Print Head	No.	Resolution	Height
	8	720dpi, 540dpi, 360dpi	Adjustable (up to 10 mm)
Ink	Reactive, Acid, Disperse, Pigment (With 8 Colors)		
Printing Width	1650mm		
Fabric Width	1690mm		
Fabric Type	Suitable for all Natural fibers, silk, Wool, Cotton, Viscose etc.		
Software Supported	Rip Master		
Speed (sq.mtr/hr.)	Up to 70 Sq. mtr/hr.
